Big Data Stories: The Use of Data for Financial Intelligence

**EMERGENCY RESPONSE**

In the event an emergency situation develops, please follow the instructions provided.

To report any emergency situation, please call (202) 465-9911 ((202) 434-8880) (TDD).

**BUIDLING EVACUATION**

In the event of an emergency, a tornado or a hurricane is detected in the building.

**YOUR RESPONSE:** Leave the building by the nearest stairwell, or in the case of a tornado, go to the basement. Do not use elevators.

If it is mobility impaired or cannot evacuate, call the Emergency Response number listed above or send a text message using one of the phone numbers listed above. Let emergency personnel know you are in the basement of each floor of IMF and World Bank buildings.

**REMAIN IN BUILDING (“SHELTER-IN-PLACE”)**

In situations requiring indoor shelter, the most protected areas are all levels of the basement. Do not use elevators.

In a threat of endangered conditions outside the building, stay indoors and monitor local media for further instructions.
